

Intermediate School Classroom Teacher

Rock Ledge Intermediate School in the Seymour Community School District

The Seymour Community School District is seeking qualified candidates for a full-time classroom teacher starting with the 2018-2019 school year.

Qualifications: Possess a valid and appropriate State of Wisconsin Teacher License certified in teaching Elementary age students in Kindergarten through 4th grade. Ideal candidates will be teachers who have successfully worked with intermediate age students to achieve academic achievement standards. The knowledge of the common core state standards and having students demonstrate their understanding of the standards is essential to this position.

An ideal candidate will have experience with the workshop model, running records, and student writing and editing. We are looking for a person with a desire for students to be able to read, write, and discuss above their ability.

Collaboration with other classroom teachers is also essential. Teachers in the Seymour Community School District work together using data to determine interventions for all students and individualize instruction for every pupil in the building. A comprehensive understanding of the use of data in instruction and for instruction, especially as it relates to RTI, is critical to this position.

The successful candidate will also be knowledgeable in the area of Math instruction and how students learn Math effectively. The person must know strategic interventions to assist students in achieving high levels of math knowledge.

Finally, the perfect candidate will have a love for kids. Students must be able to feel respected, cared for, and encouraged to work hard for their teacher. This person's inner passion must be visible to everyone that he or she inspires.

The Seymour Community School District utilizes WECAN. You can apply for this position on WECAN.

Job Posting Date: July 2, 2018

Desired Start Date: August 28, 2018
