Welcome to Seymour Community School District

OPEN ENROLLMENT FOR THE 2012-2013 SCHOOL YEAR

Wisconsin's Public School Open Enrollment program allows parents to apply for their children to attend school districts other than the one in which they live. If you do not live in the Seymour Community School District, but wish to have your child or children attend here, you may apply for Open Enrollment from February 6, 2012 until 4:00 p.m. on April 30, 2012. If you wish to change attendance centers within the Seymour Community School District, please write a letter to Mr. Ross, 10 Circle Drive, Seymour, WI 54165 stating your request during the same timeframe. A link to apply for open enrollment is available below.

The Biggest Question we get every year is "Must students reapply every year?" The answer is NO. Once a student is accepted into a nonresident school district, the student may continue to attend that district without reapplication except that:

- The nonresident district may require a student to reapply one time - at the beginning of middle school, junior high or high school. In Seymour, our policy reads "Non-resident high school students who have been allowed to enroll will be allowed to continue as a student without reapplication. Non-resident elementary or middle school students who wish to continue to high school must reapply during the student's eighth grade school year. Any non-resident student who transfers to another school district for any reason and who wishes to return to the Seymour Community School District as an open enrollment student will be required to reapply following the district open enrollment application procedure."
- Under certain circumstances, a student who needs special education may be required to return to the student's resident
