SING DANCE  
**MUSICAL.**

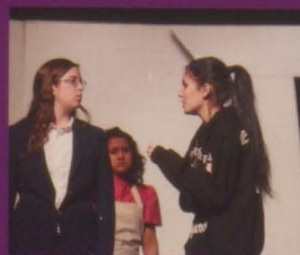

**THE WORKING TECH.** Kylie Gritt, the follow spotlight operator for SHS's *The Wizard of Oz*, joined tech not fully knowing what to expect. She remembers listening to one of Mr. Alban's speeches and realizing the sheer amount of work that the tech has to do. She said, "I had joined the plays, but never the musical and I want to be a part of it in some way, shape or form. And it was so worth it. More people should join. All you need is to just work hard and have fun!"

"I was one of the maids of the house in the play, and Raven made changes to the set during practices, like that chair, it wasn't in a good starting spot. But it was nice having her as a director because it felt more friend to friend, instead of a teacher telling you what and what not to do. Withers! My blood pressure!"-Zhaida Wilbanks

# LIGHTS CAMERA [ 2015 ] SPRING PLAY.

How was your first time directing the spring play? Definitely a learning experience; people take for granted how much the director does, and how early on we start planning the production.

How did the spring play turn out having seen it the whole way through? Good, a lot of close calls but we pulled through, and made a great performance.

Describe your experience in the spring play in one word. Overwhelming

—Raven Mory-Pagel, 12

I don't know. It was a very tedious process on curtains. Very nerve-racking to think if I misplaced something it could give the show a whole different feel.

Autumn Metoxen, 9

How was fall play going in as a freshman/first year? It was fun. All the people were nice and I had experience before in 4H so it was comfortable.

What did you think going into the fall play? I wasn't too sure how it would go. The script was an old play so I didn't know how people would like it.

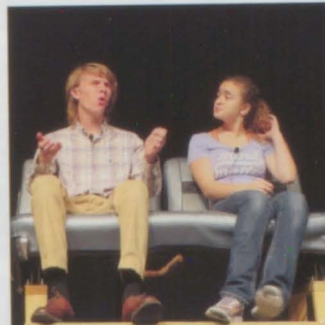

How was the overall experience in the fall play? It was super fun. Lots of change between the acting world and the everyday world. So, I would definitely recommend it.

Describe your experience in the fall play in one word. People.

As a staff we engage in team building activities to learn about working together. One activity we did was throwing balls then saying the persons name. The point was to learn that if one person was backed up it would slow down the whole group, and to laugh at the person as they were getting hit by balls.

# HUT HUT FOOTBALL.

**UNDER THE LIGHTS.** The Seymour Football offense huddles under the bright lights of Luxemburg-Casco on a brisk Friday night. It took hours of practice and preparation for the Thunder to be ready for Friday night, and all of their hard work definitely showed through in their outstanding play. "Before we hear the play we sometimes joke around with each other or get a little upset with each other in the huddle," said senior captain Trenton LaCombe, "but once we hear the play we forget about everything and focus on the task at hand. Our practice and film sessions are very important to help get us ready for this moment."

The Thunder Football team had a very successful season, and a more successful one than many people expected. They finished the regular season 7-2, which included a huge opening night win against rival West De Pere. They had big success in the Bay Conference and were able to earn themselves a four-seed in the level-one WIAA State playoffs. In a hard-fought game Seymour unfortunately suffered a loss to Luxemburg-Casco, which brought an abrupt end to a fantastic season.

**HIGHER. FASTER. STRONGER.** This fall Seymour Alternative High School students and staff tested our limits by challenging ourselves to the zip line, aerial course, and climbing wall at the NEW Zoo's Adventure Park in Suamico.

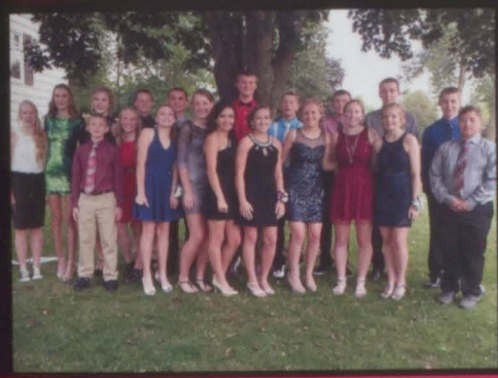

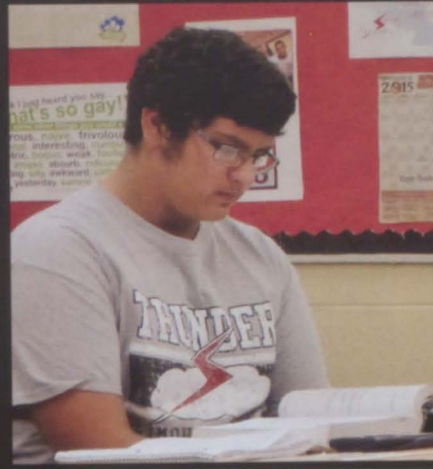

As we climbed the 50 foot wall and wiggled our way through the obstacle course, the only thing going through our heads was, "We are going to die!" - Good news: no one died, and most of us completed all three courses and had fun doing it.

We learned that the Adventure Park is a mental challenge as much as a physical one. Some of us kept doubting ourselves at first, even before we started. But once we started the aerial course, we trusted ourselves and got through the first round and beyond. When we go back to the Adventure Park next spring, those of us who did not finish the course are bound to do the whole thing!
