

The Seymour Community School District contracts their school busses from Kobussen Bus. We have 22 regular bus routes that transport children to and from the Rock Ledge Primary Center/Intermediate Center. Students from the Seymour Middle School and Seymour Community High School walk to and from the bus pick up/drop off site at Rock Ledge.

Six bus routes are assigned to transport children who live in the Black Creek Elementary/Middle School attendance area.

Approximately 10 bus routes are provided for our 4-K program, Early Childhood and Special Education classes.

All transportation changes require 24 hours notice before they go into effect.

Call Kobussen Bus at 920-221-1029 or go to the school website at seymour.k12.wi.us and click on the District tab & click on Transportation to make any transportation changes.
